Carencro, Louisiana 70507 USA

Dear Sir,

For the past four years I have been using SNIPER Disinfectant Shampoo on my K-9 Partner Hans and SNIPER Disinfectant in my K-9 vehicle and kennel. I must say it has performed excellent in removing odors. It has excellent cleaning ability for the vehicle and leaves a fresh scent that is free of the malodor associated with my K-9, especially when working in warm and hot humid weather.

I have applied SNIPER directly on my K-9 for hot spots and rashes. It gives relief almost immediately with no side effects whatsoever. I have had no ill effects from using SNIPER directly on my K-9's coat and skin.

SNIPER has transformed the atmosphere in my vehicle that is associated with the constant companionship of my K-9, as well as the odors in the kennel, which has reduced the presence of flies associated with the odors. It has made my job of caring and working with my K-9 partner much more enjoyable.

I am very pleased with this product and highly recommend SNIPER for fellow K-9 Officers as well as any pet owner for any breed of dog or cat.

SNIPER is also excellent for cleaning and deodorizing ballistic body armor, boots and helmets with no residual odor just fresh and clean.

Sincerely,

Sergeant W. Morman
Uniform Patrol Division
Pointe Coupee Parish Sheriff's Office
